

# LSO Meeting

---

SEPTEMBER 28, 2016

# SOP: Standard Operating Procedure

---

Detailed, written instructions to achieve uniformity of the performance of a specific functions

- Section 1: Safety Overview
- Section 2: Research Laboratory Procedures
- Section 3: Occupational Exposures

Aid to MSDS for chemical safe handling and emergency situations

All labs should have SOPs uploaded to EHS CHP

department of chemistry and biochemistry

**STANDARD OPERATING PROCEDURE**

# Things to address

---

Good job closing hoods in CBEC

- Please keep this up

Make sure everyone is wearing lab coat and googles

- award for the safest groups

Everyone needs to make sure their inventories are on: <https://www.cheminventory.net/>

- They should be under restricted and shareable

At every seminar there will be a safety minute before the seminar starts

- They can be found at the JST website: <http://chemistry.osu.edu/safety/jst>
