

MALDI-TOF Analysis Submission

CBC Mass Spec Facility (CBEC 075)

Name: _____ Date/Time Submitted: _____

Name.##: _____ Research Group: _____

Account Number: _____ (only needed if you have multiple active accounts in FOM)

Analysis Selection

Positive Mode

Calibration Needed

Negative Mode

Calibrant Already Spotted at _____

Both

External Calibration

Internal + External Calibration

Sample Information

Target Plate Name _____

Spot Locations _____

Expected Masses _____

Matrix Used _____

MW Range to Analyze _____

Reflectron/Linear Mode? _____

Type of Compound:

Peptide Protein Small Molecule Polymer Nucleotide Carbohydrate
