

JST Safety Checklist

Congratulations! You've officially joined your lab and are ready to do some really cool experiments. The JST promotes safe lab practices for all lab groups here at OSU, and we compiled this checklist to help you get started working in your lab safely!

- Do you know who your Lab Safety Officer (LSO) is? Get their contact info!
- Have you finished the online safety training module?
<https://ehsapps.osu.edu/secure/apps/Training/Training.aspx>
- Have you read your Building Emergency Action Plan?
<https://chemistry.osu.edu/safety/chem/beap>
- Do you know how to check out and return new and used lab coats?
- Have you ordered your prescription safety glasses if you need them?
<https://chemistry.osu.edu/safety/chem/glasses>
- Do you know the locations of all fire extinguishers in your lab? Safety showers? Eyewash stations?
- Do you know where your lab's spill kit is located?
- Do you know how to safely discard waste?
<https://ehsapps.osu.edu/secure/apps/Hazwaste/RequestList.aspx>
- Do you know who to contact in case of emergency?
<https://chemistry.osu.edu/safety/office>
- Do you know where your lab's Chemical Hygiene Plan is located?
- Have you read all the necessary SOPs for instrumentation and chemicals in your lab?
- Are you familiar with the department PPE policy?
https://chemistry.osu.edu/sites/default/files/PPE_Policy_and_Safety_Standards.pdf
- JST contact info: cbc-jst@lists.osu.edu
